*Quest for revenge, plotting destruction, war, scorn, sexy malice, anger, betrayal, downfall, show no mercy, contempt, grudge, ill will, break up, evil, supernatural.*

I'm gonna be your gravesender, chasin' down your soul forever

Careful whatcha do, careful what you say

Your house of cards will fall, you can never walk away

CHORUS- Coz I'm gonna be your gravesender .....Oh yeah

Mind of a tornado, soul of a hurricane

Chasin' down your soul forever

CHORUS- I'm gonna be your gravesender

Shallow people deserve shallow graves

Oooh your time is comin' if I can get my way

Take you down 'til you be crawlin', collectin' nails for your coffin

CHORUS- I'm your gravesender

Where will you run to, who can you call

Now that the truth has made you feel so goddamn small

Wastin' away your life with sins and soul decay, I'm here to rattle your cage

CHORUS Coz I'm gonna be your gravesender

Chasing down your soul forever

Chasing down your soul forever

I'm your gravesender!
